## VISITORS WELCOME

AT DAHLIADEL. Make yourself at home and wander at will through our trial grounds and forty-five acres of dahlias. We grow practically all the newest ones, as well as the older standbys. From mid-September until frost our fields are in their prime.

As an added feature we stage a daily arrangement show, from the latter part of September to frost using dahlias exclusively, where the adaptability of the flower in the home or for decorative purposes is fully demonstrated.
